BENNING'S BULL'S EYES.

The Long-Range Rifle Match Last Saturday. The long-rauge rifle match for the badge, in shape of a Maltese cross, offered by the Columbia Rifle Association, came off last Saturday, at Benning's. Professor Harkness won the badge, making a score of 205 out of a possible 225. Partello was second, with a score of 200, and Dr. Scott, of the Montgomery Rifle Association, third, with a score of 196. Following is the shot-for-shot record of the match :

Professor Harkness....

The two Scotts who took part in the match are residents of Sandy Springs, Maryland, and members of the Montgomery County team, The day was very unfavorable for good shooting. The wind was strong and variable. While shooting over the 900-yards range some confuaion was caused in discerning the position of a shot made by Colonel Burnside. As it could not be easily decided, and there was not time to delay the shooting and send a messenger to the target, it was scored as a "miss," although there is some reason to believe that it was a "bull's-eye." The excellent score made by Professor Harkness is quite remarkable, considering the fact that he has had little opportunity for practice-shooting during the past year. When beginning the shooting over the 1,000-yards range Mr. Walter Scott was placed hour-de-combat by having a shell break in his rifle in such a way that he was unable to use

The Nationals Gain Another Victory Over the "Whalers."

The Nationals scored another victory last Saturday, thus making seven that they have with the New Bedfords, and for the second time the latter were compelled to succumb to the skill and strong hitting of their opponents. The attendance was not so great as herotofore, but those present were treated to a very handsomely played game.

Doubless the proof exhibition by these two nines on the previous Thursday had its effect in issuening the crowd, many supposing that the first game, with all its were themselved in issuening the crowd, many supposing that the first game, with all its were themselved in the repeated. In this they were mistaken. The folding on both sides, with very few exceptions, was excellent. ALL grocers sell Burnett's Flavoring Extracts. AYER'S Cherry Pectoral—the world's great rem-dy for colds, coughs, and consumption.

What intense pain is caused by tooth-ache. How many sleepless nights and weary days are due to its racing influence. Yet the true cause of all this torment is decayed teeth, produced by neglect and inattention. Could only those who have at present good, sound teeth fully realize this fact, how careful would they be to keep their teeth in good condition. To all such we will give a word of advice. Clean your teeth daily with a good dentifice, such as Thuiston's Ivony Pearl Toorn-Powner. It will preserve your teeth through life, remove all tariar or extraneous matter, keep them clean, sound, and white, and tooth-ache with all its horrors, will be unknown. Sold by all druggists, dec., at 25 and 50 cents per bottle.
